Biosecurity

EQUINE COMPETITION HEALTH & BIOSECURITY REQUIREMENTS

To ensure the safety of all equine exhibitors showing at Chagrin Valley Farms, CVF management has put in place the following health and safety protocols for horses at **all** shows and competitions (rated shows, schooling shows, dressage, mini-trials, etc.) beginning in March 2024. Great biosecurity is a team effort and begins at home; please do not ship horses to CVF who have elevated temperatures.

Before Arrival

1. To facilitate the inspection process by CVF personnel, all paperwork including negative Coggins, vaccine records listed below, and signed Trainer/Owner Declaration, must be emailed in advance or presented to the Horse Show Office immediately upon arrival **prior to unloading** and must be available throughout their stay. If a new arriving horse does not have the following paperwork upon arrival, the horse will not be permitted to unload on the facility grounds until it is provided.
2. Track and record temperatures for two days prior to arrival using this USEF **form**, and be prepared to provide the record of temperatures to the show office upon arrival.

Trainer/Owner Health Declaration– Signed by an owner/trainer confirming that the horse has not experienced a fever exceeding 101.5 degrees or any disease in the 72 hours leading up to its arrival. Additionally, the horse must not have been exposed to or treated for an unexplained fever in the past 28 days and should have tested negative for any disease at least 30 days prior to arrival. If the horse has tested positive within the last six months for any infectious diseases, this information should also be disclosed. [See form](#).

Negative Coggins (within twelve months) – Proof of a current negative Coggins test within 12 months.

Vaccinations (within six months) – It is required all horses be vaccinated for Equine-EHV I/IV (either modified live or killed vaccine) and Equine Influenza no sooner than seven days prior to and no later than 180 days (six months) prior to entering the show grounds. Most EHV-1 vaccines are only considered effective for 180 days. Please check with your veterinarian about which vaccine is right for your horse. We strongly recommend vaccinations against WNV, EEE, WEE, Tetanus and Rabies.

Statement of Health or Health Certificate (14 days) – Required for all horses arriving from outside the state of Ohio. The statement of health must be dated within 14 days of check in, affirming that the horses entering the facility have not had an elevated temperature, been to a facility where there has been a positive or suspected positive case of EHV, been in a close proximity to an ill horse and receive routine vet care and vaccinations. The Statement of Health must be signed by a licensed veterinarian and on the vet's letterhead.

*Please note, a health certificate will be accepted to meet the health statement requirement, if it is dated within 14 days of check-in.

We prefer health papers emailed before arrival, but visitors/competitors may also present health papers to the show office before horses are unloaded from the trailer. Send forms and health paperwork to equinehealthrecords@chagrinvalleyfarms.com

After Arrival

Monitoring Horse Health while on the Grounds

Twice daily temperature checks, morning and evening (roughly 12 hours apart), will be required during the horse's stay at CVF and must be recorded on the provided temperature chart located on the stall door of each horse. The first temperature should be taken and recorded immediately upon arrival. If temperature may be elevated from trailering, it will be re-taken again within one hour and monitored.

Temperatures should be taken prior to any exercise. Temperature monitoring is required at CVF. Repeated violations of this policy will be subject to further action by CVF management and may include being asked to leave the grounds.

Additionally, all horses should be observed for abnormal clinical signs which may be indicative of a potential equine infectious disease.

No Use of CVF Pastures or All-Weather Turnouts

Visiting horses are NOT allowed to use CVF pastures or turn-outs while on the property. Violators will be fined and repeat violators will not be allowed to return for future shows.

Reporting to Show Management

Any temperature over 101.5F degrees or abnormal clinical signs must be reported immediately to the Show Veterinarian and Horse Show Manager immediately. The Show Veterinarian will examine the horse to determine if isolation or testing of the horse for a potential equine infectious disease is necessary. CVF reserves the right to test any horse that has a fever and/or clinical signs for an infectious disease at owner expense.

CVF has a 3-stall quarantine barn to house horses during assessment and in case horses must be retained on the property for quarantine before returning to their home facility. When the show veterinarian deems that a horse must be quarantined, it must be housed in this facility or removed from the property immediately (if allowed).

Show Management Notification to Competitors

When a risk case is identified, show competitors will be notified through a combination of show announcements, SMS messages, and direct messaging with competitors that a case is being investigated. Updates will be sent as soon as they are available.

Practice and communicate the following biosecurity best practices to your barn staff.

- Take temperatures of all horses twice daily and maintain a log for each horse.
- Limit nose-to-nose contact between horses.
- Handlers and riders should maintain distances between horses at all times.
- Avoid non-essential people touching horses.
- Practice good hygiene. Handlers should wash hands in-between handling horses and maintain proper biosecurity protocols in the barns and rings.
- Avoid sharing equipment unless it is thoroughly cleaned and disinfected between uses.
- Braiders/Vets/Farriers/Equine Therapists must produce a list to the Show Office of client horses with their appropriate stall number.
- Braiders/Vets/Farriers/ Equine Therapists should clean and disinfect their hands, equipment, clothing, and shoes between horses.

Post Show/Competition

- If your horse begins to display a fever or clinical signs of a contagious nature within 14 days of departing, please notify CVF immediately for tracking purposes.
- CVF will disinfect show stalls with appropriate disinfectant prior to the start of the next show/competition.

For questions related to these policies, please call us at 440-543-7233 outside show times and at 440-543-7222 during shows.
